

# College Admissions Timeline

## 1 Setting Expectations

it's important to ask yourself questions about what you expect and want from the college you will be attending. Think of what is important to you? What do you want from your college experience?

## 2 Look at Requirements

Look at each school's requirements for admission. Do you meet all the requirements or are there some you're behind on? Consider making a safety, match, reach chart.

## 3 Know When to Apply

There are different deadlines to look out for, make sure you are keeping track for the deadlines for each school you are interested in. Try writing down important dates in a calendar.

## 4 Gather Documents

Each college application may require different things, ensure you have all the necessary documents when applying. These docs may include: personal statements, letters of recommendation, and transcripts

## 5 Follow Up With

Once you've applied to the college(s) of your choice, there's still things to follow up on. Keep track of your app status, financial aid packages, and accept or withdraw from schools you were accepted from
